

*Fiscal year 2017 brought many rewards and challenges to ASFC Outreach Therapeutic Counseling Services, LLC. The challenges we experienced provided opportunities for our TEAM to explore ways to improve and remain viable. One of the rewards that we have experienced is seeing many children and adults in our care experience more positive lives at home and in the community.*

*Throughout the past several years, we have been involved in efforts to increase our service delivery throughout ten counties. Our system has evolved and moved in a positive direction. Our company has an appropriate mix of services and supports for individuals that include children and adolescents as well as adult therapy. ASFC Outreach Therapeutic Counseling Services has a reputable DUI program, IOP, Risk Reduction and Substance Abuse Counseling. We are now a National provider for Defensive Driving. We have worked hard in our efforts to expand in 2017. We have another official site in Gwinnett offering an additional 10 counties in untapped territories. We have collaborated with other health providers in the community to serve our clients holistically. As the needs of those we serve change, ASFC Outreach strives to provide leadership and direction in shaping a system to meet individual needs.*

*We sincerely appreciate the dedicated efforts of the stakeholders and partners who worked with ASFC Outreach Therapeutic Services, LLC in collaborating such a great transformation and for supporting the many activities designed to improve the quality of life of those we serve.*

*We are grateful to our TEAM who provides quality and effective services in order to address the needs of the many individuals and families who require treatment and support. As we move forward, we will continue our mission to foster recovery and resiliency for individuals and their families who experience a behavioral health challenge. We welcome suggestions that will help us better serve our community.*

*Sincerely,*

*AC Clark, CEO*
